

## SUDBURY DEMOCRATIC TOWN COMMITTEE

November 25, 2020

Dear Assistant Speaker Clark,

The Sudbury Democratic Town Committee congratulates you for being elected the Assistant Speaker of the House, a richly deserved honor! We have enjoyed front row seats while you have made your mark in Congress over the past seven years. Who can forget the visual of you and John Lewis sitting on the floor of Congress insisting that two important gun control measures be brought to a vote? We are so proud to have you as the Congresswoman for most of our town, and we foresee a bright future for you going forward!

We celebrate your successful effort to recruit and elect progressive Democrats to the House, continuing to raise the number of women in that chamber! With your joining the leadership team we are even more confident that President Biden and Vice President Harris working with Congress will be successful in achieving our common goals.

We are also grateful for your willingness to come to our meetings and to participate in our Independence Day parades. We look forward to welcoming you back to Sudbury in the future and to working both with you and for you in the coming years.

With best regards,

The Sudbury Democratic Town Committee
